

Sorensen Orthodontics

We have been following the news and information coming out regarding the novel virus COVID-19. As of 3/16/2020 we will only be available for emergency dental care. Please call our office for specific instructions if you or your child has an emergent need. Be on the lookout for any text, social media post, or email communication for updates on length of closure or any other changes as this is a fluid and evolving process.

As healthcare providers, parents, and members of our community, we believe that it is our responsibility to help flatten the curve. We are in a position to stop the critical spread before the government has made this decision for us because we believe it is our responsibility to everyone in the community. We understand that this may be an inconvenience, and we will work hard to get you rescheduled as soon as possible.

We are committed to your care and will continue to make updates. We look forward to a healthier future. We know we will get there by doing our part.

Your Sorensen Orthodontics Team
